MELINGO

MELINGO AI AGENT
MAKING ANY EMPLOYEE AN EXPERT THROUGH EASY AND ACCURATE

INTERNAL KNOWLEDGE SEARCH

A free-text AI agent based on a internal database only. Your employees can ask any question in natural language and receive a quick and accurate response with a link to the source of the information. If more information is required, the AI agent will ask for more details from the user to give the most accurate response.
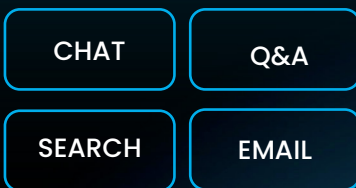

Melingo AI Agent's Advantages

> The most reliable multilingual agent.
> Compatible with on-premise and SaaS installations.
> Customized using predefined company data.
> Tailored responses based on company profile.
> Accepts data from any source (voice, text, web).
> Multi-layered solution using diverse models and LLMs.
> Instant 24/7 responses, unlimited inquiries.

1. Save time and resources on employee training.
2. Avoid costly mistakes by employees.
3. Shorten employee onboarding.
4. Improved Employee Work experience.
